

AP Human Geography Summer Homework

To identify and label important locations throughout the world in order to make pertinent spatial location connections. **You need to compete one political world map.** Use the lists below to complete your map(s). **You may also print individual continent maps if you prefer, to complete the countries, giving yourself more space to write. DO NOT number the maps. Maps MUST be labeled and Colored (use colored pencils).**

World Map Outline:

You may print one World Map for part A and B, and print individual continent maps for the countries for each continent in part C.
