

NHD Historical Context

Theme: "Taking a Stand in History"

Take notes about your topic as you learn about it. Remember: you need to clearly understand what happened before you can begin to understand its significance.

Title of your Project (your topic):

Who were the important people involved?

What happened?

When did this occur?

Where did this occur?

Why did this occur?

Significance/Impact, how did this topic affect other events after it in history? (Ultimately, this will be the most important part of your overall project)

Historical Context Continued, **TIMELINE:**

Create a timeline of *important* events associated with your topic. Include events that happened before that shaped the topic and event that occur afterward that were impacted by your topic.
