

COLONY POSTER

You will design a poster to encourage people to settle in your colony. You want to entice people to come live in your colony, even if your colony doesn't have much to offer. Make sure you focus on the positive aspects of your colony (even if you have to *stretch* the truth).

Your billboard **MUST** include the following:

- The name of your colony, founder of the colony, and year it was founded.
- A map showing where your colony is located (get a map from the teacher)
- A slogan that will help people remember why they should settle in the colony you have selected.
- Five symbols/pictures to represent five characteristics of your colony (**settlers, climate and geography, economy, religion, and government**). Present the characteristics in a way that would most likely attract settlers.
- A short caption for each symbol/picture that explains what the symbol/picture represents.
