Exploration Policy Chart

Directions: Complete the exploration policy chart shown below. Each country's policy should be inferred (educated guess) from the three or four explorers researched in your country group. Answer the following questions after the whole chart has been completed. On completion of this assignment you should be able to describe the reasons for and the outcomes of the European explorers between 1492 and 1673.

EUROPEAN EXPLORATION POLICIES

	Spain	France	England/Netherlands
Goals (What were the major reasons for exploration?)			
General Locations Explored (Coastal North America, Latin America...)			
Contact with Indian Peoples (Friendly, Violent...)			
Results (Were goals met? How do you know?)			

1. Compare and contrast the European goals.

Similarities:

Differences:

2. Compare and contrast the locations explored by each country.

Similarities:

Differences:

3. If you were an American Indian, which European country would you want to have contact with and why?

4. If you went back in history to the exploration time period to be an explorer, which country would you want to be an explorer for and why?
